**IQAC Minutes of Meeting**

**Date:** 13 May 2026

The meeting began with the welcome of all members and Chairperson by the Member secretary. After seeking the permission of the chair, the meeting began with point-to-point agenda. All members discussed on the issues in point wise manner and following is the cumulative conclusion drawn out of it.

The IQAC meeting held on 13 May 2026 reviewed institutional quality initiatives and progress achieved during the preceding quarter. Attendance was recorded and the minutes of the previous meeting were confirmed.

The committee reviewed strategic quality goals and observed steady progress in academics, clinical services, administration, research, and community engagement.

Academic departments reported improved learning outcomes, greater use of blended learning approaches, enhanced mentorship programs, and effective assessment practices.

Clinical quality indicators reflected improvements in patient satisfaction, documentation standards, biomedical waste management, and hospital preparedness.

Administrative units reported successful digitization efforts, strengthened grievance redressal systems, and better infrastructure maintenance.

The IQAC reviewed outcomes of faculty development programs and encouraged continued participation in CME, FDP, and research training activities.

Feedback received through the 360-degree feedback mechanism was analysed, and departments were directed to implement corrective measures wherever required.

Quality audit reports indicated satisfactory compliance. The committee appreciated best practices in telemedicine, herbal healthcare awareness, environmental sustainability, and community health outreach.

A detailed action plan for the next quarter was approved with clearly defined responsibilities, timelines, and monitoring mechanisms. The Chairperson thanked all members for their contributions and declared the meeting closed.

**IQAC Minutes of Meeting**

**Date:** 11 February 2026

The meeting began with the welcome of all members and Chairperson by the Member secretary. After seeking the permission of the chair, the meeting began with point-to-point agenda. All members discussed on the issues in point wise manner and following is the cumulative conclusion drawn out of it.

The IQAC met on 11 February 2026 under the chairmanship of the Principal. The committee reviewed achievements of the previous quarter and approved the minutes of the earlier meeting.

The committee discussed academic excellence, patient-centred care, faculty development, and institutional growth. Departments reported positive outcomes in curriculum delivery, assessments, and student progression.

Hospital quality indicators demonstrated improved patient care, reduced waiting times, and stronger infection control practices. Administrative reforms continued to improve service delivery.

The committee reviewed progress of accreditation-related activities and directed departments to complete documentation and evidence collection.

Research productivity increased through faculty publications, funded projects, and student research participation. Community outreach initiatives continued successfully.

The IQAC approved departmental action plans for the upcoming quarter and emphasized continuous quality improvement across all domains. The meeting concluded with a vote of thanks.

## Achievements

These are the 6 achievements of IQAC Cell

- 1. Establishment of a Comprehensive Quality Assurance Framework**
  - The IQAC successfully developed and implemented academic, clinical, and administrative quality parameters across the institution.
  - Standard Operating Procedures (SOPs) were introduced for academic activities, hospital services, examinations, and administrative processes, resulting in improved institutional efficiency and accountability.
- 2. Enhancement of Teaching-Learning Processes**
  - Learner-centric educational practices were strengthened through the adoption of ICT-enabled teaching, interactive classroom methodologies, skill-based demonstrations, clinical case discussions, and blended learning approaches.
  - Student satisfaction levels improved significantly as reflected in feedback reports and academic performance indicators.
- 3. Strengthening of Faculty Development and Capacity Building**
  - Multiple Faculty Development Programmes (FDPs), Medical Education Technology workshops, research methodology trainings, and orientation programmes were conducted.
  - Faculty participation in seminars, conferences, publications, and continuing professional development activities increased substantially during the year.
- 4. Implementation of a Structured 360-Degree Feedback System**
  - A comprehensive feedback mechanism involving students, faculty, patients, alumni, employers, and administrative staff was successfully implemented.
  - Feedback analysis facilitated evidence-based improvements in teaching quality, hospital services, student support systems, and institutional governance.
- 5. Improvement in Hospital Services and Patient Care Quality**
  - Clinical quality indicators were regularly monitored through patient satisfaction surveys, clinical audits, and service quality reviews.
  - The Ayurveda hospital recorded improved patient attendance, enhanced Panchakarma service utilization, better patient documentation practices, and strengthened infection control and safety measures.
- 6. Advancement in Accreditation Preparedness and Documentation Practices**
  - The institution established a systematic documentation and record-management system for academic, clinical, research, extension, and administrative activities.

- o Significant progress was achieved in compliance with regulatory requirements and accreditation standards through internal quality audits, best-practice documentation, and preparation of quality assurance reports.

These achievements collectively contributed to strengthening institutional quality culture, improving academic excellence, enhancing patient care services, and promoting continuous quality improvement during the academic year 2025–26.
